

ABOUT US

FRENCH PARK CARE CENTER is a 202-bed skilled nursing facility located in Santa Ana. Our team of qualified professionals helps patients recover from surgery, injury or serious illness.

French Park also features a 31-bed subacute unit with an exceptional reputation in providing more complex care including: mechanical ventilation, respiratory services and tracheotomy care.

We understand the importance of creating a nurturing and attractive environment, whether our patients are here for short-term treatment or long-term care. French Park staff also speak Vietnamese and Korean and everyday services include specific programs to accommodate ethnicities.

INTRODUCTION

Welcome to

FRENCH PARK CARE CENTER where our culture is guided by our commitment to provide a unique care experience.

We strive to deliver quality outcomes and unparalleled hospitality and service to our guests. Our staff take initiative to go above and beyond to delight our residents, guests and fellow team members. We take pride in enhancing the patient experience and contributing to the health and well-being of our community.

THERAPY SERVICES

Our experienced therapy team is committed to providing superior physical, occupational and speech therapy in an environment conducive to healing. Patients are empowered through customized programs to work toward restoring maximum functionality, independence and ability following hospitalization.

Our therapy services include:

- Orthopedic and neurological rehabilitation
- Chronic pain management
- Stroke recovery
- Strength training and conditioning
- Increased Mobility
- Coordination and balance
- Injury and fall prevention
- Safety awareness

NURSING SERVICES

We take a holistic approach to the care plan development. Upon admission and under the direction of a physician, patients are evaluated by our interdisciplinary team that includes administration, clinical, therapy, dietary, social service and case management professionals.

We provide 24-hour skilled care and rehabilitation services in a comfortable and family-friendly environment. Our team works together with the patients and their family members to determine the optimal treatment plan for each situation.

We offer comprehensive clinical disciplines that include:

- IV therapy, including TPN
- Wound Care, Wound Vac and wound debridement by wound specialist
- Pain management
- Cardiac and Pulmonary wellness program
- Nutrition & hydration programs
- Stroke rehabilitation
- Joint replacement program
- Tracheostomy, ventilator and respiratory care
- Chest tube management
- Restorative nursing
- Diabetic management & education
- Coordinated Care from medical director of nursing

ACTIVITY PROGRAM

We create positive and uplifting social programs and customized activities to match patient needs and capabilities.

Specific activities can include:

- Musical performances
- Fitness activities
- Stretching exercises
- Religious meetings
- Outside entertainment
- Trivia & history
- Gardening
- Field trips/outings
