Congratulations!

Wendy is an amazing Director of Business Development. She has a genuine care towards her co-workers and patients. She is always available to help out her team and makes sure we have what is needed to get the job done. Never bothered by the many calls and text messages and responses to them no matter what time of day it is. The admissions office is in good hands with her always working for the best. I am truly grateful and thankful to be a part of her team.

Congratulations!

We had a patient who walked out our facility one evening and our staff searched everywhere for the patient. Miguel was already clocked out and on his way home when he found the patient about to ride the bus. He called us right away. We asked him if he can follow the patient and he said yes. He didn't have to do what we asked of him, but he still did. He followed the bus until the patient stepped out. He tried to convince the patient to come back that evening for his own safety and so we can properly discharge him home, but the patient insisted that he is not coming back. He is a great team player on or off clock. Thank You Miguel.
